Dear Sir:

We are a new ANA club #C-78944. We participated in National Coin Week this year by putting three displays by four members, Donald H. Mead, Ken Atwell, and Mr. & Mrs. George Friske in the Peoples National Bank in downtown Everett.

We also had as our April speaker, Mrs. Donald H. Mead, the 1965 second individual winner of National Coin Week competition talking on "Participating in National Coin Week". We request certificates for our Coin Week displayers and an educational award certificate for our April speaker.

In the May issue of the Numismatic Scrapbook, there is an article telling about the National Coin Week medal available to participants. Could you please send information on acquiring these for our members or is this issue associated with the ANA officially?

Sincerely,

Bernice Mead
